### **In class assignment**

Working in groups of 2 or 3, organize the stack of colored papers given to you as it would appear around the color circle.

### **Homework**, Due next class, Wed, July 31, 2019

Find an example of the color contrast discussed in class today. Follow the steps below:

1. Find an example of the color contrast that we discussed in class today in the work of an artist. You can download an image off the internet or take a photo.
2. Print out a copy that work (black and white is fine)
3. Circle the area with the color contrast
4. Write the color types used, for example:
  - reddish-Yellow
  - blueish-Yellow
  
  - reddish-Blue
  - yellowish-Blue
  
  - yellowish-Red
  - blueish-Red
5. Include a reference to how you found the work, such as the internet link, or location in a museum.

Examples of artists who often work with these kinds of color contrasts include:

Georgia O'Keefe  
Vincent van Gogh  
Eugene Delacroix  
Henri Matisse  
Claude Monet  
Utagawa Hiroshige  
Romare Bearden
