

Terms used in class Wed July 24, 2019.

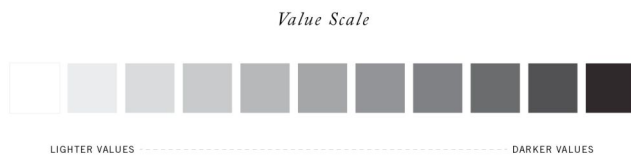

Available for download at: <http://www.robertnajlis.com/instruction/bunker-hill/>

Review Terms

Primary Colors: Red, Yellow, Blue. Cannot be mixed from other colors.

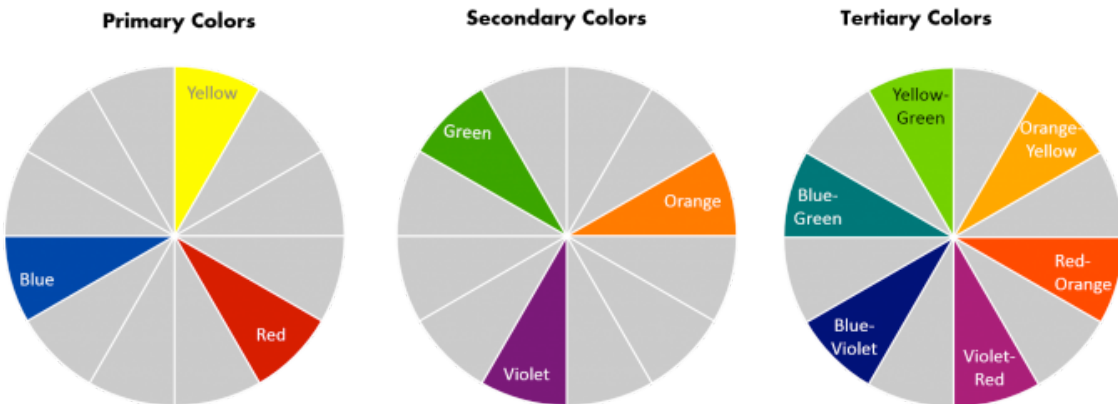

Values:

New Terms

Secondary Colors: Colors that lie in between two primaries on the color wheel.

Tertiary Colors: Colors that lie in between a secondary and primary on the color wheel.

Color Temperature

Warm colors: Hues from red through yellow, browns and tans included

Cool colors: Hues from blue green through blue violet, most grays included

Warm colors are said to advance or appear more active in a painting, while cool colors tend to recede and appear more calm.
